| First Aid Facilities:  | A source of clean water should be available in the work area for flushing eyes and skin.   |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| Comments:  | None   |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| <b>5. FIRE FIGHTING MEASURES</b>   |  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 5.1. Suitable extinguishing media:   | Dry chemical, carbon dioxide, foam or water may be used. Do not use straight streams of water on burning material. Sand / earth can be used on small fires.  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 5.2. Hazards from combustion products:   | During a fire irritating and toxic gases maybe produced by combustion or thermal decomposition.  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 5.3. Special protective precautions and equipment for fire fighters:   | Move exposed containers from fire areas if possible. When fighting fires involving significant quantities of this product, fire fighters should wear safety footwear, non-flammable gloves, overalls, hat, goggles and self-contained breathing apparatus. |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| <b>6. ACCIDENTAL RELEASE MEASURES</b>  |  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 6.1. Emergency procedures:   | Prevent product from entering drains   |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 6.2. Methods and materials for containment and clean up:   | Pick up or sweep spilled product and place in suitable containers for disposal.  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| <b>7. HANDLING AND STORAGE</b>   |  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 7.1. Precautions for safe handling:  | Observe precautions found on label. Handle in accordance with good industrial hygiene and safety practice.   |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| 7.2. Conditions for safe storage, including any incompatibilities:   | Keep container closed. Store in a cool, dry  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |
| <b>8. EXPOSURE CONTROLS/PERSONAL PROTECTION</b>  |  |               |            |               |              |           |      |                |         |      |                     |         |      |             |         |      |            |         |      |      |          |      |

|  |   |
|--|---|
| 8.1. National exposure standards   | None allocated  |
| 8.2. Biological limit values   | None allocated  |
| 8.3. Engineering controls  | Use in a well-ventilated area.  |
| 8.4. Personal protective equipment   | Gloves may be used to minimise contact.   |
| <b>9. PHYSICAL AND CHEMICAL PROPERTIES</b>   |   |
| 9.1. Appearance:   | Transparent, colourless liquid  |
| 9.2. Odour:  | Characteristic  |
| 9.3. pH:   | 2.4 – 3.0 (20°C)  |
| 9.4. Vapour Pressure:  | Not known   |
| 9.5. Vapour density:   | Not known   |
| 9.6. Boiling point/range:  | ~100 °C   |
| 9.7. Melting point:  | Not applicable  |
| 9.8. Solubility in water:  | Soluble   |
| 9.9. Specific gravity:   | 0.98 -1.00 g/mL   |
| 9.10. Flammable materials information:   |   |
| flash point and method of detecting flash point;<br>upper and lower flammable (explosive) limits in air;<br>and<br>ignition temperature. | Not applicable<br>Not determined<br><br>>95°C   |
| 9.11. Viscosity at room temperature:   | Liquid  |
| 9.12. Percent volatile:  | Not known   |
| <b>10. STABILITY AND REACTIVITY</b>  |   |
| 10.1. Chemical Stability:  | Stable under normal conditions  |
| 10.2. Conditions to avoid:   | Avoid contact with strong oxidizing agents  |
| 10.3. Incompatible materials:  |   |
| 10.4. Hazardous decomposition products:  | Combustion may yield large amounts of oxides of carbon, smoke, incomplete combustion products, flammable hydrocarbons.  |
| 10.5. Hazardous reactions:   | None known  |
| <b>11. TOXICOLOGICAL INFORMATION</b>   |   |
| 11.1. Likely routes of exposure:   | Skin, eyes, inhaled.  |
| 11.2. Health effects from the likely routes of exposure:   |   |
| 11.2.1. Acute  | No specific toxicological data is available.  |
| Ingestion:   | Product may induce nausea.  |
| Eye:   | May cause abrasive irritation to the eyes if they come into contact with the product.   |
| Skin:  | Not expected to be an irritant.   |
| Inhalation:  | Not expected to be an irritant.   |
| 11.2.2. Chronic  | No long term effects are known.   |
| 11.3. Other Information:   | None  |
| <b>12. ECOLOGICAL INFORMATION</b>  |   |
| 12.1. Ecotoxicity:   | Not expected to be harmful to aquatic or terrestrial organisms.   |
| 12.2. Persistence and degradability:   | Readily biodegradable   |
| 12.3. Mobility:  | Expected to partition to sediment and wastewater solids.  |
| <b>13. DISPOSAL CONSIDERATIONS</b>   |   |
| 13.1. Disposal methods and containers:   | Collect and seal in properly labelled drums for disposal dispose in accordance with appropriate government regulations. Contact relevant authority for details. No special considerations for containers. |
| 13.2. Special precautions for landfill or incineration:  | As above  |
| <b>14. TRANSPORT INFORMATION</b>   |   |
| 14.1. UN Number:   | Not applicable  |
| 14.2. UN Proper Shipping Name:   | Not applicable  |
| 14.3. Class and subsidiary risk:   | Not applicable  |
| 14.4. Packing Group:   | Not applicable  |
| 14.5. Special precautions for user:  | Not applicable  |
| 14.6. Hazchem Code:  | Not applicable  |
| <b>15. REGULATORY INFORMATION</b>  |   |
| 15.1. Regulatory Status:   | Not applicable  |

| <b>16. OTHER INFORMATION</b>  |  |
